

CATLANZA

Catlanza departs from Puerto Calero, the most exclusive and attractive marina in the Canary Islands. Our complimentary bus service will collect you from your resort and bring you directly to Puerto Calero. Here after a welcome from the crew, we leave the marina and sail towards one of the beautiful beaches of Lanzarote.

Now is the time to start relaxing as the bar is open and drinks and fresh fruit are served. Sit back and enjoy the luxury of being one of Catlanza's special guests. For those who have always wanted to have a go at sailing a yacht, the captain and crew are delighted to encourage you to pull sails, take the wheel, and generally get involved.

Arriving at the beach, we drop anchor and it's time for a relaxing swim or snorkel in the crystal-clear waters. For the more adventurous, enjoy a free jet-ski ride with our professional instructor. As you dry in the sun, lunch is served on board: a delicious meal of pasta with a choice of tuna or vegetarian sauce, salad, and bread and butter. After a final swim, it's up-anchor for a gentle sail back along the coast to port with a drink in hand, watching for dolphins and pilot whales to end a perfect day...
